

PIANO STUDIOS UNITE

How To Upload

Locate the Video

Find the video on your computer so you know the location and the file name.

Having a folder dedicated to Piano Studios Unite may help you find them quickly. You can even have videos for each student.

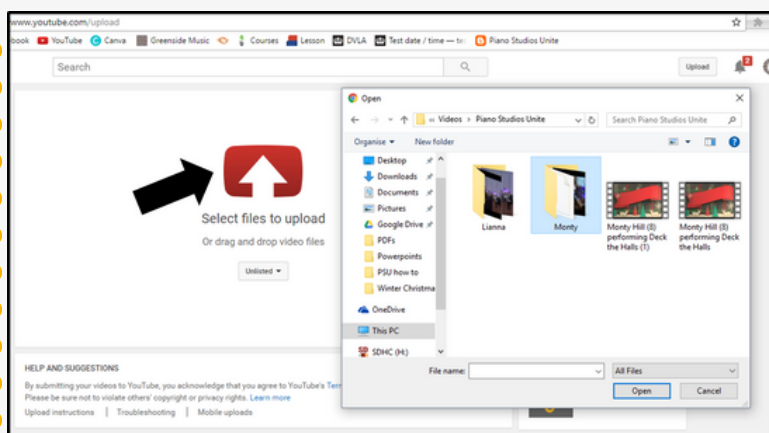

Open up YouTube

Make sure you're signed in to your account, and find the Upload button.

Select Your Video

1. Decide if you want your video 'public' (accessible by anyone), or 'unlisted' (only people with the link can see it. If you select 'private' the videos cannot be included in the concerts.
2. Click on the big up arrow. This will then open up a new window where you need to locate the video you want to upload (this is where knowing exactly where it is comes in handy)
3. When you've found your video, select it.

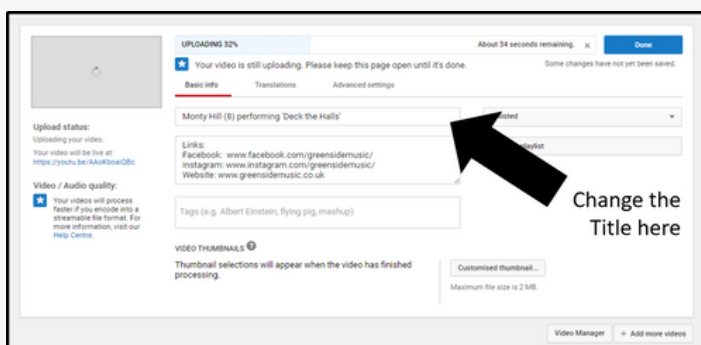

Upload

As your video is uploading, you can change the title to include the performers' name, age, and title of piece.

There will also be a selection of thumbnails for you to choose from (these are the little pictures that represent your video). Choose whichever you prefer.

When it's finished uploading, click 'done' (top right hand corner).

Ta Dah!

You can now watch your uploaded video!

To send the link to Georgina, copy the URL (starts with <https://youtu.be> and then has a bunch of random letters).and paste it into a message.
